## Visuals Created:

- **Bar Chart** – Subject-wise marks comparison
- **Pie Chart** – Grade distribution
- **Card Visuals** – Highlights of average marks and top scores
- **Filters** – Based on class or exam term for dynamic analysis

## Insights:

- Subjects with **low average scores** can be targeted for improvement.
- Grade distribution shows overall **student performance trends**.
- Helps in identifying **top performers** by subject and class.

Use larger font for "Executive Summary" title (you can use text box in Power BI).

Apply border using "Format" pane > Border = On and choose color/width.
